WARNING:
The World's Easiest Weight Loss Tool

Before you eat anything you simply test:

1. "I can eat this and still lose weight today"

Then you make a second test:

2. "I can eat this and lose weight today is untrue"

That's it. You're done.

Eat as much as you want until TruTester says
No to #1. . . . (when you test weak.)

TruTester.
